LOCAL MEAT SUPPLY CONTINUES GOOD

Supplies of meat in the local butcher shop continued to be good. This week, inspite of the strike of meat packers in Calgary. This is due in the main, to the fact that their supplies are obtained and butchered locally.

A shortage was, foreseen, however, in processed meats; cooked meats, smoked meats and pressed meats are all on the list obtained from the packing plants, and as soon as present supplies are exhausted, there will be no more until the strike is ended.

Feeling of various meat firms on the price income differed widely. It is known that the Dominion Government intends removing the price ceiling on meats when the strike is over, unless it continues so long as to create a long-felt shortage of meat, and the consensus of opinion is that removal of the ceiling, coupled with probable wage increases spells higher prices.

Estimates as to the increase range from very little to as high as eight cents a pound, with a suggestion that if shipping to The States is undertaken, the price may rise sharply.

CLUNY W.I HEARS MRS. G. CHARTRAND

The September meeting of the Cluny Women's Institute was held in the Club Room with Mrs. Raymond as hostess. The roll call was a tea towel for the hall kitchen. The first bridge party of the season will be the last of the month.

Mrs. George Chartrand of Gleichen gave a very interesting paper on her trip with her husband and two children to Dawson Creek.

Since there was no birthday raffle, a bouquet of asters was raffled and Mrs. Wm. Stewart held the lucky number. The entertainment prize went to Mrs. Derrick. Lunch was served by Mrs. I. Goldsmith and Mrs. B. Reimche.

Return of capital; than a realization of of the tractor, and cut her leg quite badly this week.

MORE S'MORE TRAINS

A definite word has been received that two more trains will run through Strathmore towards the end of the month, though nothing definite is known about the date as yet.

While the C.P.R. agent has not received any information, the local Post Office has been informed that it will have to meet a west bound train at 7:20 a.m., and it is expected that the east bound will run about ten p.m. This train is not covered by the Post Office, however. The information said this train service would commence about the 28th of September.

Rumours have been strong for some time past that this was to happen, but the railway company have made no definite announcements. There is also fairly strong support to a rumour that the remaining two trains running through Carlsbad will be switched to the Strathmore line for some time to allow extensive repairs to that section of track.

W.I.D. NOTES

Weather permitting, water service will be given to the farmers until October 6th. Immediately after that the canals and structures will be drained and closed for the winter.

Water users should, therefore, fill their ponds and reservoirs as soon as possible. Do not leave this until the last day as something might happen to interrupt your supply and sometimes it is necessary to refill a reservoir because of shrinkage. The Ditch Riders will cooperate in every way possible.

Do not forget to give your tree belts, pastures and hay meadows a last irrigation and if you have the time, you may as well try some fall irrigation on a stubble field or summer fallow. It will assure you of moisture to germinate the seed next spring. If we have an open fall, you can plow the stubble field after the surplus moisture disappears. Water should be spread during fall irrigation just the same as summer irrigation

Many friends and neighbours gathered in the Meadowbrook Hall a week ago to honour Mr. and Mrs. James Henry Sammons, of Gleichen, and

wish them many more years of happiness together on the occasion of their golden wedding anniversary.

PLAN ENTERTAINMENT FOR BALL TEAM

NIGHTINGALE FORMS W.I. GIRLS CLUB

We forgot to mention in our last report that the girls of Nightingale and district have organized a Women's Institute Girls Club. They have elected Miss Rosemary Hilton, President, and Miss Shirley Logan, Secretary. They call themselves the "Nightingale Country Pals." We wish them every success and feel they will all benefit from their associations.

Mrs. Walter Mercer was hostess to the Women's Institute at her home last Friday. The roll call was answered with a suggestion for a bazaar. The usual business was discussed and a letter from Mrs. Snider was read. The Secretary was instructed to answer the letter in favor of a printed program for the next constituency conference.

It was moved by Mrs. A. Kimmett and Kay Harriman that the social committee meet with a representation of the ball team to discuss plans for a supper and dance, the ball team to be guests of honor for the evening.

It was agreed to donate \$10 to the Girls Club as a booster.

It was also decided that the W.I.

and should not be left to flood the low areas and leave the higher land dry and untouched.

CLUNY NOTES

By Mrs. B. R.

Mrs. Pete Deshayes from Gleichen visited her parents, Mr. and Mrs. Arkell on Thursday.

Mr. and Mrs. Clark from Winnipeg are visiting Mr. and Mrs. Wm. Somerville.

A daughter, Linda, was born at Bassano Hospital on Friday, to Mr. and Mrs. Josh Schelaki.

Miss Mildred Konechuk is going to school in Calgary.

Mrs. Pete Deshayes and Mr. and Mrs. Arkell motored to Bassano on Monday.

Mr. and Mrs. H. Clarke have received word that their son Wesley, is out of danger.

Miss Cathie Goldsmith spent the weekend at her mother's.

NAMAKA NOTES

The Namaka W.A. met at Mrs. S. Stettner's home last Thursday with 11 members and one visitor present, Mrs. Folk of Strathmore was the guest. A committee was chosen to arrange for a fall social. After all business was over the hostess served a very delicious lunch.

Mrs. Minnie MacLean returned to hospital on Sunday for further treatment on her leg.

Mrs. Stettner and Betty Ann returned home last week after visiting with her brother at Carmangay for two weeks.

Mr. and Mrs. Wm. Fawkes and Jean and Earle Buker motored to Edmonton on Tuesday to attend the wedding of Lewis Foss and Joyce Whillan. Lewis is Mr. and Mrs. Fawkes' nephew and is now employed at Jasper.

CHANCELLOR NOTES

Miss Leona McLean and Mr. Bazant attended the Teacher's Institute which was held in Strathmore last Thursday. Congratulations to Mr. and Mrs. C. V. Madsen on a baby son born in Bassano Hospital Thursday morning.

Mrs. C. Reiffenstein and Edwin are visiting their aunt Mrs. Thomas at Southampton, Long Island, N.Y.

Frank Giberson met with a nasty accident last week. While coupling up the tractor and combine, he caught his hand under the drawbar smashing it very badly. Wallace Lushman drove him to Calgary where Dr. Ramsey operated right away. Frank will be in the Holy Cross Hospital 2 or 3 weeks.

We are sorry to learn little Sylvia Busch was taken to hospital to undergo an operation for appendicitis.

Mr. and Mrs. Chilton and son of Hussar were Sunday visitors of Mr. and Mrs. J. Chilton.

NEW TAX POLICY AID TO CATTLEMEN

A change in income tax regulations may be made in September by the federal revenue department. It will establish the principle that farmers and ranchers may establish basic herds for income tax purposes and will not be taxed on the proceeds of sales which reduce the herd below the figure set for the basic herd.

Farmers will be required to submit proof that they have established basic herds.

If drought, feed shortages or poor prices compel a producer to reduce his basic herd, the reduction will be a return of capital; not a realization of income under the new regulations. Operators who wish to retire will not be taxed on capital sales.

Various livestock associations in Canada have been pressing for the application of the principle of basic herd for income tax purposes for several years, and executives of these groups have expressed great satisfaction at the relief given the stock producer.

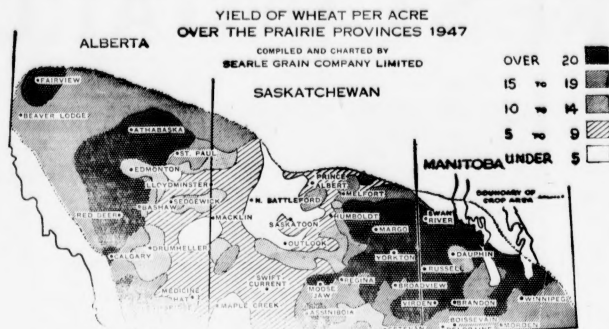

(Continued on Page Six.)

The Rockyford Junior Grain Club won the right to represent Alberta in the national finals at Toronto in November at eliminations held at Edmonton

recently. Members of the team are Howard Roppel and Harvey Katerhagen, Rockyford.

—Courtesy Calgary Herald.

The map printed above shows the yields of wheat over the various areas of the prairie provinces. The picture this year of the yield per acre presents a quite unusual appearance. Normally the northern areas of the three prairie provinces show higher yields than the southern areas. This year, however, as a glance at the map will show, both the Eastern and Western parts of the prairies show good yields with a poor area extending from north to south in the centre. The distribution of high and low yield corresponds at

JUNIOR CLUB TEAMS FOR TORONTO ROYAL

most exactly with the distribution of high and low rainfall, which variations of rainfall are the cause of the variations of yields. It will be noted that this year yields vary from well over 30 bushels to the acre at some points to less than 5 bushels to the acre at other points.

Reprinted from Dept. of Agric. Notes. Strathmore's contested events among Alberta Junior Clubs are the annual competitions to decide the honour of representing this province at the Toronto Royal. This year, 12 grain and 14 live stock teams entered the contests which were held at Olds and Edmonton during the week of September 1st.

When the winners were announced, two beef clubs, two dairy clubs and two grain teams had reason to be very proud of their efforts. The three winners at Edmonton were the Ponoka Beef Club, The Ryley Dairy Club and the Lacombe Grain Club. At Olds the Innisfail Beef Club, The Bearpaw Club and the Rockyford Grain Club were the winners. These were just the semi-finals. Only three of these teams were in each class... could be granted the coveted trip to Toronto.

On September 5th the finals were held at Edmonton where the Innisfail Beef Club, The Bearpaw Dairy Club and The Rockyford Grain Club proved the most promising of the contestants. Members of these teams will be given further intensive training, so that they will be in first class condition to show their ability in competition with Junior Clubs from other provinces when they meet at Toronto in November.

Members of winning teams are: Innisfail Beef Club—Bud McBride, David Bradshaw; Bearpaw Dairy Club—David Black, Bill Wearmouth; Rockyford Grain Club—Harvey Katterhagen and Howard Roppel. Coaches of the winning teams were District Agriculturists O. G. Bratvold, Red Deer; C. G. Anderson, Calgary; and R. J. Milligan, Strathmore.

And reprinted from the Budget, issued by the Alberta Wheat Pool:

Howard Roppel and Harvey Katterhagen, members of the Rockyford junior wheat club, were winners of the provincial championship in grain judging and consequently will represent Alberta in the Dominion grain judging competition to be held at the Royal Winter Fair in Toronto. These boys have excellent records in junior wheat club work and are deserving of congratulations on their success.

LOCAL NEWS ITEMS

A number of Strathmore folk are attending the wedding of Miss Iris MacLeod in Calgary, Thursday September 18.

C. A. (Chuck) MacLean will leave Saturday for the Coast where he will attend the Dominion Convention of the Weekly Newspapers being held in Victoria, September 24, 25 and 26.

Mrs. Patrick is a delegate to the Dominion Conference of the Woman's Auxiliary of the Anglican Church in Canada, which is being held in Calgary this week.

Mrs. George MacLean is again back in the General Hospital receiving further treatment on her leg. All will hope for a complete recovery soon.

The W.M.S. held an interesting meeting Tuesday at Mrs. North's home. Mrs. Scheer gave a concise resume of the Chapter in the Book on India being discussed. An interesting discussion followed.

The next meeting will be held in the Memorial Room at the Church when the Namaka ladies are to be invited.

Gary Giffen was taken to the Holy Cross Hospital Saturday last suffering from a severe chest cold. He is recovering nicely and will soon be home again.

The corn roast planned by the Senior Young People's was called because of snow.

Mr. and Mrs. Harris of Medicine Hat and Mr. and Mrs. Harris and children of Calgary were guests last Sunday at the Mercer home.

Mrs. Leonard Hilton has been home for about two weeks, after a five week siege in the hospital in Banff. In spite of being allowed to return home, Mrs. Hilton is still on light duty.

George Koch returned home from Coaldale early this week, following an operation there. It seems that everything was successful.

The Lions Club meeting Thursday night had to be moved from the Memorial Hall to the basement of the Masonic Hall, due to the poor weather, and the lack of heat in the Memorial Hall.

Mrs. Sauder returned last Friday from a very interesting trip to Montreal where she visited her two sons. She also stopped over at Ottawa, Toronto and other points in the East.

Mr. Fred Sauder was co-pilot with another pilot who flew a plane from Montreal to Vancouver. On his return Mr. Sauder stayed over with his parents in Strathmore for the weekend.

Miss Lazelle Sauder is enjoying a week at home following an extended holiday in Vancouver. She will return to Edmonton next week to continue her course at the University.

Monday Mr. and Mrs. Sauder and daughter accompanied Mr. Fred Sauder to Lethbridge where he boarded a plane to return to his home in Montreal.

Farmers with grain still to harvest, and that includes a large number, suffered a serious setback on Thursday when the light rain of Wednesday turned into a heavy fall of wet snow, amounting to two inches or more over a large part of the province.

Grain still standing was in many cases flattened by the weight of snow. Grain in every case was soaked, and

Mr. Bill Julian leaves next Wednesday to resume his course in Agriculture at the U. of A.

Mrs. Janie Lyons has purchased the home on 3rd St. which she has been leasing for some time. Mrs. Lyons plans to make several improvements to the house.

Mrs. Grimshaw suffered a heart attack again, but is now recovering.

Mrs. Bremner and Mrs. C. Sorensen arranged a social afternoon at the home of Mrs. Bremner last Saturday honouring their mother, Mrs. J. Cornick, whose birthday it was. About ten ladies gathered to wish her well.

Madeline and Johnny Vermaut were among the Strathmore residents who took in the "Fun Parade" in Calgary on Tuesday night.

FARMING NEWS

HOARY CRESS—ANOTHER BAD WEED

One of the worst weeds which Alberta farmers have to contend is Hoary Cress. This troublemaker, with its perennial habit and extensive root system, will require the vigilance of every farmer in the province if its activities are to be curbed. Field Supervisors are on constant watch for its appearance and every effort is made to prevent spread and encourage eradication.

W. Lohay, Supervisor of Agricultural Service Boards for the Alberta Department of Agriculture, tells us that in those districts where Hoary Cress has already made headway, good work has been done by thorough and frequent cultivation until the first week in September, followed by seeding of fall rye. In the spring, patches of weed not killed by the cultivation are sprayed with 2, 4-D at the rate of about ½ pounds of acid per acre. Harvesting of the crop is followed by further cultivation and fall rye sown again.

For the eradication of smaller patches of Hoary Cress, 2, 4-D has been used with promising results, but one treatment is not usually sufficient. Follow up treatments are needed. The use of Sodium Chlorate has not been too satisfactory, since Hoary Cress has proved extremely resistant to this chemical. Following application of sodium chlorate, growth is retarded but starts again as soon as the effect of the chemical on the soil has worn off.

For effective control of Hoary Cress the co-operation of everybody will be required. Learn to recognize this weed. If the plant makes its appearance on your farm advise your Field Supervisor immediately.

will require many days of warm weather before it will be possible to go ahead with the harvest. Predictions of warm weather for tomorrow were heartening, however, some much more is needed by the farmer.

FAIRPLAY

— By G. E. W. —

Mrs. W. D. Braden and her daughter and son-in-law, Mr. and Mrs. Clifford Buehler of Walla Walla Washington, who are visiting relatives here spent a few days in the district last week.

Robert Snider will be a student at Mount Royal College in Calgary this year.

Mrs. Fairdeau and Ray of Turner Valley spent Sunday at the Albertson home.

Mr. Chester Oxtoby of Innisfail visited his Aunt, Mrs. Peterson, this week. Chester reports the birth of a

CREDIT UNIONS IN FINE SHAPE

The assets of Alberta's 205 credit unions were reported at two million, three hundred thousand dollars today by officials of the department of trade and industry.

Nearly two million dollars of the credit union monies are out on loan to members for provident and productive purposes, and since the movement began in 1938, nearly seven and one-half millions dollars has been loaned.

son on Sunday evening in Innisfail.

Dorothy Albertson is taking a course in Beauty Culture at Jacobsons school in Calgary.

Mr. and Mrs. W. D. Braden and Mr. and Mrs. Clifford Buehler were the dinner guests of Mr. and Mrs. D. Heckle on Thursday evening.

LYALTA NOTES

By Mrs. McK.

The Womens Institute meeting on September 16, was not as well attended as usual, but a very enjoyable and profitable meeting was held nevertheless. The roll call was Harvest Hints, and many short cuts for this busy season were given.

Mrs. Wade, the Agriculture convenor, gave a paper on Prairie Gardens, giving us many valuable tips.

The Ladies have decided on November 21 as the date for their bazaar.

details will be announced later.

Hostesses were Mrs. F. Maudee, Mrs. H. Lachelt and Mrs. F. McKenzie.

Mr. and Mrs. J. Hall Jr. of Blairmore were visiting the Hall family the past week.

Mr. and Mrs. J. Stewart and daughter of Galt, Ontario, have been guests of Mr. and Mrs. A. Stewart.

Harvesting is progressing rather slowly due to the wet weather. But many farmers are nearing completion.

A Want Ad in the Standard will discontinue that article for which you have no further use.

RURAL GLEICHEN

On September 8, Teddy James entertained a few of his friends with a party to celebrate his 20th birthday. Congratulations Teddy.

Mr. and Mrs. W. F. Ferguson had for their dinner guests Monday evening Mr. and Mrs. J. E. Holland and Heather, and Mr. and Mrs. Foster Ferguson.

Mr. and Mrs. Klippe Schmidt of Calgary are visiting the former's parents, Mr. and Mrs. W. A. Schmidt.

Thursday evening the regular meeting of the Ladies Auxiliary of the Canadian Legion, B.E.S.L. was held in the Legion Hall, Gleichen at 8 o'clock with 15 members answering the roll call and 3 ladies applying for membership. It was decided to hold a sale of aprons, other small articles and a tea on November 1.

Mr. A. W. Riddell motored to Edmonton Sunday for a few days.

Mrs. A. Desmet and daughter of Strathmore have been visiting with her parents, Mr. and Mrs. P. Warner the past week.

After visiting his parents, Mr. and Mrs. N. A. Riddell, and other relatives and friends Mr. and Mrs. R. H. Riddell left Sunday for Edmonton where they will reside in future. Bobbie, who has been attending the University of B.C., will continue his studies at the University of Alberta on September 15.

Mr. and Mrs. Pete Warner have as their house guest Mrs. Ethel Johnson from Urbana, Iowa.

Mr. and Mrs. Gordon Hall entertained a number of friends Saturday evening.

Mr. and Mrs. E. Ethridge have been remodeling their home for some time, and now, it is nearing completion. Mr. Ethridge, doing most of the work himself, has made a lot of changes which greatly improve their place.

Mr. and Mrs. Foster Ferguson, who have been holidaying with his parents, Mr. and Mrs. W. F. Ferguson, and other relatives and friends, have returned to their home in Edmonton, where Foster will continue his courses at the University of Alberta in Edmonton when it opens on September 15.

Mr. and Mrs. J. H. Sammons, Mr. and Mrs. F. Sammons and family, Mr. and Mrs. C. Sammons and family, Mr. and Mrs. P. Warner and family, Mr. B. McKeever and children, Mrs. Ethel Johnson and Mrs. G. Robinson of Cluny all took their lunch and enjoyed a picnic at the Bassano Dam on Sunday.

Mrs. G. Chartrand was guest speaker at the Cluny W.I. on September 11.

Mr. and Mrs. Buster Houche of Dawson Creek are happy over the arrival of a baby girl.

After having a minor operation in Calgary Hospital, Dawn Kicup is recovering nicely.

Mr. G. Moe from Tacoma, Washington was a Gleichen visitor last week. He at one time was a barber in Gleichen.

Mrs. C. Barch who was operated on recently is recuperating nicely.

Mr. and Mrs. Foster Ferguson and uncle William Ferguson had dinner with Mr. and Mrs. D. Yule, Tuesday evening.

Britain Becomes an Atomic Power

In August of this year Britain became an "atomic power" when continuous atomic energy was released for the first time in that country. This exciting news was given by Professor Cockroft, the director of the Hartwell Atom Station at the meeting of the British Association in Dundas. He said that a chain reaction of splitting uranium atoms had been established in his laboratories and already the Hartwell engine is producing enough energy to supply a large block of flats will light and power. In a month's time they will use power released by atomic fission to heat gases up to 250

degrees centigrade. He said: "With 100 tons of uranium an atomic pile of this kind could generate energy equal to 100,000 kilowatts for 20 years without fuel replacement. If we could utilise the whole energy then one ton of uranium would be the equivalent of 3,000,000 tons of coal. It was probable that an experimental power plant would be built during the next five years to obtain the first operating experience with nuclear power generators. Advance already has been made in the application of radio-active materials to scientific research, medical diagnosis and treatment, engineering and industry. The new factories starting in Dundee under the Government schemes and working on those lines will eventually employ 8,000 people.

A baby daughter was born to Mr. and Mrs. M. Hallan in a Calgary Hospital. Mrs. Hallan is Mrs. B. Stott's sister, Grace.

CARSELAND NOTES

Mr. and Mrs. Harold Hunt and baby daughter of Calgary spent the week end with his parents, Rev. and Mrs. Hunt.

Mrs. Stitt of Basif is visiting at the home of her parents, Mr. and Mrs. G. B. Field.

Mr. and Mrs. M. Raycraft of Blackie spent Sunday with her parents, Mr. and Mrs. J. Jamieson.

Mrs. James Gibson and sister of Calgary spent a few days in Carceland early in the week.

Mrs. Mary White of Medicine Hat spent a few days with her sister, Mrs. R. C. Lennox, before proceeding to Edmonton to attend University.

Bob Lennox had the misfortune of spraining his ankle while delivering gas in his new propane tank truck.

Mrs. Charlton and Tyrone of Mill-cent spent the weekend with the formers parents, Mr. and Mrs. L. C. Petersen. Carl Petersen of Brooks also came home for the weekend.

Mr. and Mrs. J. Ludvigsen, accompanied by G. G. Schmidt, all of Chicago, are visiting Mr. and Mrs. L. C. Petersen. Mr. Petersen and Mrs. Ludvigsen are brother and sister, and are together for the first time in 36 years.

Grace Zellnik was home for the weekend, returning to her position in the Bank of Commerce at Calgary on Monday.

Helen McKinnon spent the weekend at home.

Many friends and neighbours of Mrs. George Haynes gathered at the Jim Haynes home last Thursday afternoon to wish her many happy returns

DALEMEAD NOTES

By D. V. V.

The U.F.W.A. meeting was held at the home of Mrs. Alan King. Forty two members and visitors were present. Miss Bertha Newton gave a splendid report on School Work. A delicious lunch was then served.

A number of friends and neighbors gathered at the home of Mrs. M. Phillips on September 5, the day being her eightieth Birthday. The afternoon was spent reminiscing over the early life of the honoured guest. Mrs. Hiatt then presented Mrs. Phillips with a radio, as a birthday gift of the Community, friends and neighbours. Mr. Duggan then installed it after which Mrs. Phillips with a few well chosen words thanked all for the lovely gift. A delicious lunch was then served. We wish to extend congratulations and hope she enjoys many more happy birthdays.

Mr. and Mrs. Wessan Miller Jr. and wee daughter Gaylene returned home after spending a few days in Saskatchewan.

Mr. and Mrs. A. VanDerVelde returned home after spending a few days with Mr. and Mrs. W. Trautman of Rimby.

Mrs. Carter and son of Vancouver are visiting with her brother and sis-

on the occasion of her eightieth birthday.

The hostess, Mrs. J. Haynes was assisted by Mrs. H. James of Gleichen, and Mrs. J. Jolly of Mossleigh, together with Mrs. D. Ramsay of Dog pound.

A very merry time was had by all the ladies.

ter, Mr. R. Rudolph and family and Mrs. A. Cleveland and family.

Miss Ruth Cleveland is attending Normal school in Calgary.

Mr. J. Stewart and daughter of Ontario are visiting relatives here.

Mrs. A. Cleveland returned home last Friday from the hospital much improved after her operation in the General Hospital.

Mrs. G. Davenport of Helena, Montana, is visiting with her grandson, Omar Slack and family.

Mr. and Mrs. N. Slack of Long Beach, California, are visiting their son, Omar and family.

Mr. and Mrs. G. Bond of Roseman, Montana are visiting relatives, Mr. and Mrs. A. Friesse and family, and attending to some business.

Mr. and Mrs. H. Newton and son, Bobbie, of Calgary and friends spent several days at the J. Hable home.

WATCH YOUR STEP

Upper-deck passengers on Outer Drive buses of the Chicago Motor Coach Company are confronted with an interesting juxtaposition of signs. As they descend the stairs to alight, they are faced with an advertisement of a widely known brand of whiskey. Immediately thereunder is a legend such as is used by bus lines everywhere: "Watch Your Step."

EVERYBODY'S BUSINESS

by
Don Graham

Offhand you might say that there is no connection between having a hobby and being successful in your work.

But all of us need the relaxing effect of a hobby to counter-balance the strain of hard work.

"Fun is a tonic," says Dr. G. S. Stevenson, eminent mental hygiene authority. "It refreshes us when we are tired or bored with our routine tasks—gives us new strength and enthusiasm for the business of living."

If you have no particular hobby, such as fishing, gardening or photography, you will be well advised to choose one. Or if you indulge in a hobby only rarely, you ought to devote time to it more regularly.

As a result, you'll be happier and probably healthier. And you'll surely do a better job!

P.S. An acquaintance of mine made wooden trays as a hobby. They were so handsome that many of his friends wanted to buy them and soon he had a flourishing full-time business. Such cases are not uncommon.

You'll enjoy life even more with the peace of mind that life insurance brings. It has provided for the future security of millions of Canadians since 1847.

FLOUR AND BREAD PRICES TO BE INCREASED*Government Withdraws Subsidy to Consumer*

CANADIAN housewives will soon be asked to pay higher prices for flour. The Milling Industry of Canada would like to tell why.

Nearly six years ago the price of flour was fixed at the low prices then ruling, based on wheat costing 77¢ per bushel when milled for use in Canada.

Since then, the price of wheat has advanced step by step, but the Government has paid the difference in the form of a consumer subsidy in order that you might buy flour and bread at no increase.

Wheat has actually risen to \$1.58½ a bushel so that for some time past the Government has been paying more than half the full cost.

Now the Government has dropped the subsidy and the price Millers will pay for wheat through the Government Wheat Board will be more than double what it was originally. That is why the cost of flour will be increased.

Furthermore, the cost of bags, other supplies, labour and transportation has increased substantially during the control period.

Canadian Millers, however, knowing the importance of flour in the family diet pledge themselves to keep the price as low as they possibly can.

The prices of practically all ingredients in bread have also risen sharply and your Baker must take this into consideration when calculating his new prices.

The Flour Milling Industry of Canada

Under The Street Lamp

by PAT O'HOLEY

Heiran Woldum recently got into trouble with the authorities in Calgary for over-convivial behaviour, and was fined fifteen dollars.

"Your worship," protested Hi, "may I point out that in Strathmore I am fined only five dollars for this offence."

"You could hardly expect," replied the magistrate, "to have a Calgary celebration at Strathmore prices."

Fortune Teller: "Your husband will be brave, generous, handsome and rich."

Pat Morgan: "How delightful. Now tell me, how to get rid of the one I have now?"

Mrs. Longham, giving instructions to her new servant, said: Before removing the soup plates, Ellen, always ask each person if he or she would like any more."

"Very good, madam!"

The next day Ellen, respectfully bowing to one of the guests, enquired: "Would the gentleman like some more soup?"

"Yes, please," was the reply.

"Well," said Ellen, "there ain't any left!"

They say that a couple of weeks ago Mr. and Mrs. J. H. Sammons were standing in front of the pigsty, looking at their only pig, when Mrs. Sammons said: "Say, Jim, it will be our golden wedding anniversary tomorrow. Let's kill thee pig."

Jim replied with disgust: "What's the use of murdering the pig for what happened fifty years ago?"

"Mamma," said little Sharron Teare, "do men ever go to heaven?"

"Why, of course, dearie; what ever makes you ask that?"

"Cause, Mamma, I never see any pictures of angels with whiskers."

"Well," answered her mother in deep thought; "some men get into heaven, dear, but only by a very close shave."

Jim Nesbitt: "Now that the war's been over for two years, I'd like to get abroad for a few months."

Blair Field: "Take my advice and marry one for keeps."

NEW TAX POLICY AID TO CATTLEMEN

Tentatively the plan is that, when the basic herd has been established the taxpayer will advise the district office of the taxation division of this when filing returns and if the returns are in good order the office will accept the taxpayer's own figure. The results will be as follows:

1. The proceeds of the sales of all animals above the number of the basic herd will be taken into income each year.

2. The cost of any new animals will be allowed as a deduction from income each year, unless it is desired to increase the number of the basic herd.

3. If in a subsequent year it is desired to increase the number of the basic herd, a statement to this effect must be made to the district office at the time the relative income tax return is filed. The cost of the new animals, if purchased, will not be allowed as a deduction from income. If the additions come from home-bred animals their estimated market value must be added back to the taxable income.

4. If a dispersal sale is held of the total herd, the department will accept as capital realizations and treat as non-taxable the proceeds of the sale of the number of cattle constituting the basic herd.

Big business often springs from little classifieds.

Agricultural Trends in Europe

Events are transpiring on the ancient continent of Europe which vitally effect the welfare of Canada and other food exporting nations. The Danube Basin countries, which have for years been the bread basket of Europe, are changing from grain to a livestock and industrial crop economy. This area includes Bulgaria, Yugoslavia, Roumania and Hungary, which

countries in the 17 years period from 1922 to 1939 exported an annual average of 43.3 million bushels of wheat as well as large quantities of coarse grains. The governments of these countries are planning on an extensive program of industrialization, and the consequence will probably be a substantial lowering in the production and export of grains and an in-

crease in the production of dairy products, livestock, vegetables and industrial crops.

This information was given to the annual meeting of the Canadian Agricultural Economics Society at Lethbridge early in the summer by D. A. Bruce Marshall, agricultural economist with the federal department of agriculture.

Mr. Marshall maintained that future prospects for the resumption of exports of small grains from the Danube Basin may be considered as being very limited in the foreseeable future.

With reference to Germany, Mr. Marshall maintained that upon the reconstruction of that nation depends the future trade of not only the Netherlands and Denmark, but also of the United Kingdom and therefore Canada. He pointed out that Germany has lost 25 per cent of her agricultural area and her population today is greater than in 1939 when she was compelled to import 17 per cent of her food requirements and was second only to Great Britain in food imports.

In order to provide the German people with a diet of 1,800 calories per capita per day during 1947-48 imports of wheat will have to be in excess of 141 million bushels, of peas and beans 150,000 tons, of dried milk 6,000 tons, of fish 100,000 tons and of vegetables 100,000 tons. When the nation reaches full capacity of domestic agricultural production, wheat import requirements will still be above 95 million bushels annually.

Agriculture in Western Canada is dependent to a large extent on the export market and particularly the market for wheat. The continent of Europe has been the main outlet for surplus Canadian wheat ever since farming was started on the western prairies. Consequently western farmers must be vitally interested in what is happening economically and polit-

AN ANNOUNCEMENT

CONCERNING THE

PRICE of BREAD

Many of my customers are no doubt anxiously waiting to hear the effect on the price of bread of the recent increase in the cost of flour.

Briefly, my position is this: the wholesale price of flour has increased \$1.78 a hundred pounds, and this makes necessary an increase of two cents per loaf. This increase will provide me with a small fraction of a cent more profit per loaf, and I shall be quite content with this increase. I feel that a three cent per loaf raise is not warranted by the increased costs, and while this would naturally substantially increase my profit, I am not anxious to further increase the cost of living by this move.

It is possible, however, that my hand may be forced, and I shall reluctantly add the extra cent.

In the meantime, however, and until my present stock of flour runs out, my prices will continue the same. It is likely that this stock is sufficient to last into the beginning of next week.

Proceeds are in aid of the Scholarship Fund.

FARMER'S COLUMN—

By R. J. Milligan

Do you have pigs on your farm? If so you will be interested in some of the newer swine diseases. What do you know about Bull Nose or Rhinitis? First of all these are not the same disease as is commonly thought. Dr. B. C. Duthie of the Veterinary Research Laboratory, Lethbridge, explains the differences clearly and we farmers must learn how to distinguish one from the other and how to avoid either disease getting a foothold in our herd.

Bull Nose is caused by infection gaining entrance through broken teeth. When clipping the wolf teeth of suckling pigs, do not cut too deeply, the lower part of the tooth is often injured or the gums torn, thus leaving an opening for infection. Often, as a result, abscesses form at the base of the tooth, and severe swellings occur which puff out the skin of the jaw or snout, giving that peculiar bull-dog appearance which has been termed "Bull Nose." Dr. Duthie says that "more harm is done by cutting these teeth than the little pig is capable of doing to either the sow or his litter mates." Nevertheless, it is imperative that the tips of the wolf teeth or side teeth be clipped out only as deeply as the black tip or solid part of the teeth.

Bull Nose and Rhinitis are two different and distinct diseases and little pigs can have one or the other or both. Rhinitis is an inflammation of the membranes of the nasal cavities and is usually associated with later degeneration and destruction of the turbinate bones. Bull Nose is the result of abscesses at the roots of the teeth.

With Rhinitis, a cough that becomes chronic will appear. As the germ breaks down the channels of the nasal cavity a bloody discharge will appear. Try using bay or shavings for bedding to relieve dusty conditions which irritate the infected parts of the nose. Again, slop feeding is recommended to alleviate dust in the dry chop. Also use sifted feeds to remove hulls of oats and barley.

Rhinitis is contagious and can be spread from one suckling pig to another.

HUSSAR

The Hussar Ladies Aid met at the home of Mrs. K. Knudsen on Thursday afternoon, with twenty-five members present. Among the items of business all were reminded that the collection of canned fruit and vegetables for the Red Cross Hospital for Crippled Children must be in on or before November 7. Donations of vegetables will also be accepted by Mrs. T. Burdett, Conventor of the committee. Owing to financial reasons, it was decided to give farewell gifts to only such members as have been workers for five years or more from now on. The contest was won by Mrs. Wm. Jackson. The program consisted of a Bible Reading, Prayer and the reading of one Chapter of the book "Ideas Have Legs", by Rev. H. Pedersen.

Next place of meeting; Mrs. A. Brown's on October 9, when the meeting will be given over to final plans for the Bazaar to be held in the Community Hall on November 7, at 3 p.m. with tea at 4 p.m. and a dance, with good orchestra in the evening.

A delicious lunch and social hour was then enjoyed.

Rev. D. Flint and Mrs. Flint were up from Bassano for the services at 3:00 p.m. on Sunday. He will be here again for services on Sunday, the 28, at 3 p.m. He is planning special services for November the 9th. We all hope to co-operate.

Rev. H. Pedersen started the Sunday School on September 7, he will hold his first services in the school house at 11 a.m. on Sunday, September 21. Every one is invited to attend.

The rain and wind did considerable damage in the district on Friday evening and Saturday. Harvesting was halted.

The U.F.W.A. is having a dance in the Community Hall on October 17; a good time is expected.

other. As the disease develops the upper portion of the face does not grow naturally, whereas, the lower jaw growing more normally, extends out further than the upper jaw, giving that bull-dog appearance.

It is because of these symptoms that the two diseases are often confusing.
